# SHADE TREES

We are reducing the price on all of our Shade Trees this year. Compare our prices with others and you will readily see that we are lower than most and as low, if not lower than the lowest. In making this sweeping reduction we have not sacrificed in the slightest degree on the high quality of our stock; in fact we believe that we have the finest quality nursery stock to offer this year that we have ever had and better than you can buy any other place, at any price. At these prices you should get your order in as quickly as possible.

**BLACK LOCUST**—Because it so readily adapts itself to the various climatic conditions of the Southwest, requiring but little moisture to maintain a good growth, this tree has been one of the most popular selling Shade Trees. On a large quantity of these trees, in the 12-14 ft. and super sizes, we are prepared to quote a very low figure.

**AMERICAN ELM**—A tree that is popular and has given wonderful satisfaction through many generations. Very long lived. (We have no super sizes).

**SILVER MAPLE**—A tree that is giving wonderful results in this section. Very beautiful and ornamental. (We have no 12-14 ft. or super sizes.)

**NORWAY POPLAR**—A very fast growing Shade Tree with spreading top. A very popular tree with most nurseries. Better and hardier than Carolina Poplar. Order 100 of these trees and we'll make them to you cheap.

6 to 8 feet size, per 100	\$ 45.00
8 to 10 feet size, per 100	55.00
10 to 12 feet size, per 100	75.00
12 to 14 feet size, per 100	100.00

**LOMBARDY POPLAR**—A tree of a close growing habit (obelisk form) eventually growing to a height of 100 to 150 feet. Lends a charm to a street, boundary or landscape.

**HONEY LOCUST**—Similar to Black Locust, previously described but makes a larger and more spreading tree.

**BOX ELDER**—A very hardy, spreading tree and does well in New Mexico.

**WESTERN CATALPA**—Has very large leaves and has clusters of white blossoms in late spring. 6-8 ft., 8-10 ft., and 10-12 ft. sizes.

**RUSSIAN MULBERRY**—Long lived and drought resistant. Can supply in 10-12 ft., 12-14 ft., and super sizes only.

**TAMARISK**—A well known favorite in this dry section. Have all sizes up to and including 12-14 ft. sizes.

**RUSSIAN OLIVE**—A beautiful tree with spreading top, nearly black, shining bark and silvery white, long narrow foliage. Withstands drought.

4 to 5 ft. size.....50c      5 to 6 ft. size.....75c each

**MOUNTAIN ASH**—A fine tree of medium size, a smooth bark, head dense and regular, covered from July till winter with large clusters of dark red berries. A most beautiful lawn tree. 6-8 ft., \$1.50; 8-10 ft., \$2.00.

**FLOWERING CRAB**—This is Bechtel's double flowering, pink Crab. Very beautiful and fragrant for the lawn. 2-3 ft. \$1.00 each; 3-4 ft. \$1.50.

**UMBRELLA CATALPA**—A splendid lawn tree. Top shaped like an umbrella; very large leaves. Two yrs. 5-6 ft. heads, \$2.50 each. Planted on our guarantee plan, \$3.75 each.

**WEeping WILLOWS**—This is the genuine green bark Weeping Willow. 3-4 ft., 50c each; 4-5 ft., 75c each.

**PUSSY WILLOWS**—Popular on account of catkins coming out on branches in spring before leaves appear, 5-6 ft., \$1.00.  
**RED BUD or JUDAS TREE**—An ornamental, medium sized tree with heart shaped leaves. Blooms early in spring before leaves are out, reddish-purple flowers. 3-4 ft., \$1.00.

**Prices on Shade Trees. (Note these low prices).**

## OUR TWO LEADERS

### MOUNTAIN COTTONWOOD and CHINESE ELM

**MT. COTTONWOOD**—This tree is strictly a New Mexico product, having originated in the mountains of New Mexico and we are the only nursery in the world growing it. See them growing in the parks in Albuquerque, especially South Broadway. Absolutely the best shade tree for the Southwest, and the fastest growing tree in the world.

**CHINESE ELM**—This tree has but lately been introduced into the U. S. and has become quite popular. Very hardy, fast growing and healthy. The above prices are low compared to others.

#### Prices

12 to 14 feet .....	4.75	45.00	4.25 each

## EVERGREENS

Hardy Evergreens are particularly valuable in all classes of ornamental planting, as they preserve their graceful foliage and rich coloring throughout the summer and winter, adding much to the charm of the landscape, during a period when deciduous trees and shrubs are without foliage.

All of our Evergreens come balled and burlapped.

**ARIZONA CYPRESS**—A silvery foliage Evergreen that lends a charm to any landscape. One of the fastest Evergreens known. 8-10 inches, \$1.00 each; 10-12 inches, \$1.50 each; 2-3 ft. \$2.50; 3-4 ft. \$3.50.

**VA. RED CEDAR**—A reddish green Evergreen, well branched and heavy. 2-3 ft. size, \$3.50 each; 3-4 ft., \$5.00; 4-5 ft., \$7.50 each

**JACK PINE**—A vary hardy, vigorous Evergreen, withstanding long droughts and hot, dry winds. 18-24 inch, \$1.50 each; 2-3 ft. \$2.50 each; 3-4 ft. \$3.50 each.

(If planted on guarantee plan, add \$1.25 to all above prices.)

## FLOWERING SHRUBS

No home lawn is complete without the planting of Ornamental Shrubbery. It is as necessary as a back ground to your blue grass lawn as the lawn is itself. The Shrubs we are listing have all been thoroughly tested out in this climate. They have been planted wide apart in the nursery rows and are what are known as "clumps". We do not divide these clumps and sell them as individual plants, but sell them to you just as they come from the nursery. We have greatly reduced the price on this high grade stock for this season.

### Prices on Flowering Shrubs

Size	Each	10	100
2-3 ft.....	\$ .50	\$4.50	\$40.00
3-4 ft.....	.75	7.00	60.00
4-5 ft.....	1.00	9.00

3-4 ft. ....	1.25	11.00	100.00
4-5 ft.....	1.50	12.50	

**ALTHEA—(Rose of Sharon)**—This is the "Boule de Feu" variety, which has dark double red flowers in August and September, when few other flowers are in bloom. Have them in 2-3 ft. and 3-4 ft. sizes.

**BUTTERFLY BUSH—(Buddlei)**—Often called Summer Lilac. Bears very fragrant Lilac colored flowers from July till frost. All sizes.

**BARBERRY, JAPANESE**—Has handsome foliage of bright green oval leaves that turn to brilliant shades of orange and red, followed by scarlet berries from early autumn to late winter. 12-18 inch, 35c each; 10 for \$3.00; 18-24 inch, 45c each, 10 for \$4.00.

**CORAL BERRY**—This plant is especially showy during fall and winter months. Requires a heavy freeze to cause it to drop its foliage. Branches covered with bright red berries which hang on till late winter. Pink flowers in summer. All sizes.

**DEUTZIA—(Pride of Rochester)**—A sturdy Shrub, producing tall, upright branches. Has double, pure white flowers in summer. All sizes.

**DOGWOOD—(Siberian)**—A very beautiful white flowering Shrub that is perfectly hardy in New Mexico. The red bark makes it very attractive during winter months. 2-3 and 3-4 ft. sizes.

**FORSYTHIA—(Golden Bell)**—The first Shrub to bloom in spring. Branches are covered with yellow, bell shaped flowers before the leaves are out. All sizes.

**GOLDEN ELDER**—Its yellow foliage produces a contrast to other flowers. Grows to a height of about 8 ft. One of the best golden colored shrubs. All sizes.

**HONEYSUCKLE—(Pink Tartarian)**—A very pretty soft leaved Shrub, with delicious fragrant pink flowers of characteristic odor, in great masses, followed by profusion of red berries. All sizes.

**LILAC—(Common Purple)**—This is the Shrub your mother loved so well. Has fragrant, purple flowers in early spring. 2-3 and 3-4 ft. sizes.

**MOCK ORANGE**—One of the lovely old shrubs so popular in the dooryards of our grandmothers. Tall growing, producing in profusion clusters of large white flowers, having the fragrance of orange blossoms. All sizes.

**SNOWBERRY**—Similar to Coral Berry, with exception this shrub has white berries instead of red. All sizes.

**SPIREA BILLARDI**—Has pink flowers in large spikes and blooms nearly all summer. 2-3 and 3-4 ft. sizes.

**SPIREA FROBELI**—Similar to Anthony Waterer (we do not handle) but hardier and grows larger. Dark pink flowers and a profuse bloomer. 12-18 inch, 40c each; 10 for \$3.50.

**SPIREA VAN HOUTTEI**—Extremely hardy and a very popular Shrub. Has a profusion of white flowers in early spring which continue for almost sixty days. Often called the "Bridal Wreath". 2-3 and 3-4 ft. sizes.

**WEIGELIA ROSEA**—An excellent shrub with beautiful rose colored flowers. Blooms profusely latter part of May and in June. 2-3 ft. and 3-4 ft. sizes.

## HEDGES

Hedges are fine for bordering, driveways, etc. No lawn is too large or too small to be improved by the careful use of a good hedge.

**AMOR RIVER**—This is one of the hardiest privet Hedge known. Makes a very beautiful Hedge when planted close and kept trimmed.

**CALIFORNIA PRIVET**—This is similar to Amoor River but holds its foliage in New Mexico during winter months better than Amoor River.

### Price of Hedges

Size	10	100
18-24 inch.....	\$1.75	\$13.50
2-3 ft.....	2.00	15.00
3-4 ft.....	2.50	20.00

### Planted on Guarantee Plan

2-3 ft.....	\$3.50	\$20.00
3-4 ft.....	4.50	30.00

## HARDY OUTDOOR ROSES

The Rose is the Queen of Flowers. They are not so hardy as Shrubs, but they are invaluable as an ornament. Those we are listing this year are very large and well rooted and are well worth double the price we are asking for them.

### Prices on Roses

\$1.25 Each; 10 or more.....\$1.00 each

NOTE—The words "H. P." stand for Hybrid Perpetual and the words "H. T." stand for Hybrid Tea.

**GRUSS AN TEPLITZ**—H. T. Probably more widely planted than any other rose. Dark rich crimson. Flowers are of medium size and delightfully fragrant. Profuse bloomer.

**ULRICH BRUNNER**—H. P. Extra large bold flowers, full and globular; color rich, glowing cherry red. The red American Beauty.

**GENERAL JACQUEMINOT**—H. P. A reliable favorite for many years. The bright clear red flowers are borne profusely during June. Large, full and fragrant.

**RADIANCE**—H. T. Has brilliant rosy carmine flowers, shaded with opaline pink. Good grower and profuse bloomer.

**JONKEER, J. L. MOCK**—H. T. Clear imperial pink. Large fine buds on stiff stems.

**PAUL NEYRON**—H. P. clear pink, shaded to rose. Produces the largest flowers of any other rose, sometimes measuring six inches in diameter.

**FRAU KARL DRUSCHKI**—H. P. Often called the "Snow Queen". One of the best of white roses. Flowers of large size.

**KAISERIN AUGUSTA VICTORIA**—H. T. A very fine white Tea Rose. Has pure white pointed buds, borne on good stems, opening into a fine flower.

**SUNBURST**—H. T. Extremely long orange yellow buds of delightful fragrance. Free bloomer.

**OPHELIA**—H. T. A splendid salmon colored Rose that has given good satisfaction wherever planted. Profuse bloomer.

### CLIMBING ROSES

**CRIMSON RAMBLER**—A great favorite. Masses of crimson flowers are borne in large clusters by this vigorous plant.

**CLIMBING AMERICAN BEAUTY**—Has large flowers of rosy crimson. Flowers are from 3 to 4 inches in diameter, are of fine form and produced in profusion.

**DOROTHY PERKINS**—Clear Cherry pink. Has crinkled petals which give them a fluffy appearance. More widely planted than any other pink climbing Rose.

**DR. VAN FLEET**—An excellent pink climber that is becoming very popular. Has long stemmed blooms of a lovely apple blossom color.

**PAUL'S SCARLET**—A very early blooming Rose. Flowers are of vivid scarlet, good size, semi-double, and are freely and profusely produced.

### CLIMBING VINES

Nothing so quickly removes the raw look from a newly built house or fence as the judicious use of vines and trailing plants.

**AMERICAN IVY**—(Virginia Creeper)—The well known American vine with five parted leaves that change to rich crimson in August and September. Very rapid grower and extremely hardy. 2 yr. plants, 50c each; 10 for \$4.00.

**BOSTON IVY**—Similar to above with exception this is not so sturdy or such fast grower. This requires no trellising, as it will cling to smoothest surface. 2 yr. plants, \$1.25; 10 for \$10.00.

**ENGLISH IVY**—An Evergreen clinging vine that must be planted on shady side, away from sun. Slow growing, but eventually makes pretty showing. 2 yr. plants, \$1.25 each; 10 for \$10.00.

**TRUMPET CREEPER**—A sturdy climbing vigorous vine. Compound leaves produced on stout, spreading branches. Flowers of orange scarlet, trumpet shaped, 2 yr. plants, 50c each; 10 for \$4.00.

**PURPLE WISTARIA**—Has long pendulous clusters of purple flowers in May and June. Hardy and rapid grower. 2 year plants, 75c each; 10 for \$6.00.

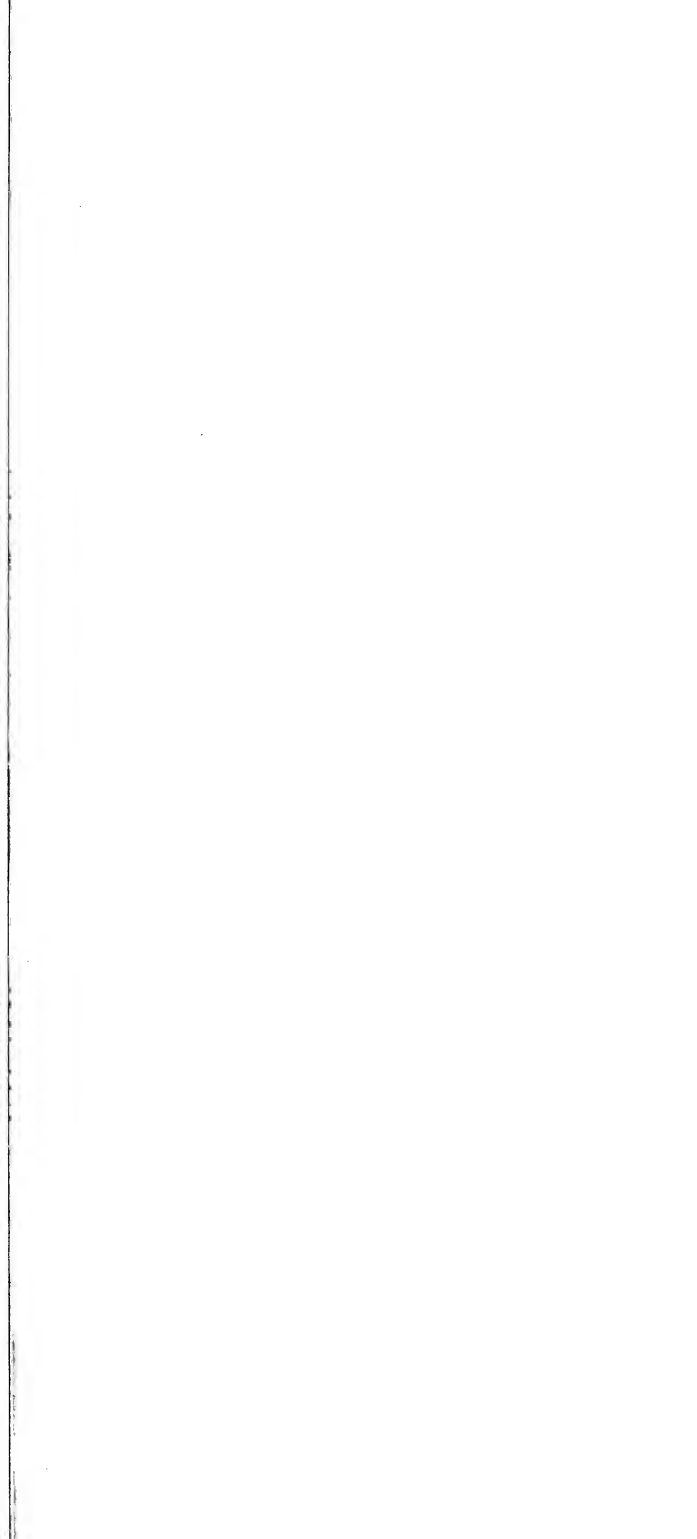

**HONEYSUCKLE—HALL'S JAPAN**—A vigorous growing Evergreen vine that is popular in the Southwest. Has white flowers, changing to yellow. 75c each; 10 for \$6.00.

**HONEYSUCKLE—SCARLET TRUMPET**—This is similar to Hall's Japan, with exception it has scarlet, trumpet-shaped flowers. Evergreen. 75c each; 10 for \$6.00.

### OUR LOW PRICES

Because of our extra large quantity of nursery stock in the fields, we have greatly reduced the price on all of our high grade stock this year. Take advantage of our low prices this season and plant acclimated stock—stock that will grow. Preserve this price list.

## PERENNIAL

Perennials are a popular addition to any ornamental planting. They come up every spring. 25c each; 10 for \$2.00.

**MALLOW MARVELS**—Exceedingly hardy, growing to a height of 6 to 8 feet in a single season. Mixed colors.

**CHRYSANTHEMUMS**—Excellent for cut flowers, as they bloom in autumn when flowers are scarce. Red, Mahogany, Pink, Yellow and White.

**DELPHINIUM**—(Larkspur)—One of the best of the blue perennials. Very stately and graceful.

**TRITOMA**—(Red Hot Poker, or Flaming Torch)—Reaches a height of 2 to 3 feet.

**SHASTA DAISY**—A vigorous plant that maintains a show of white flowers throughout the summer and autumn.

**HOLLYHOCKS**—We handle the double varieties only, in red, pink, yellow and white.

**GERMAN IRIS**—Very hardy and well known. Often called "Flags". Fine for border planting.

## SUMMER BLOOMING BULBS

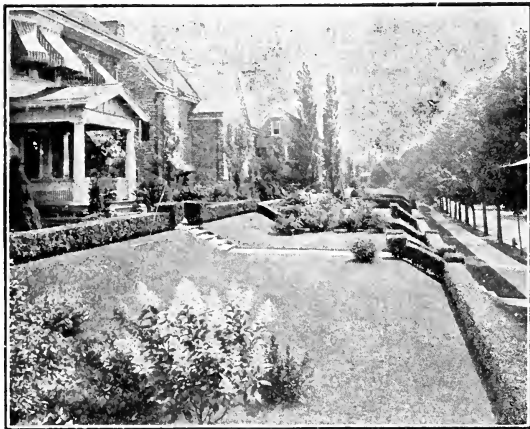

**DAHLIA**—The Dahlia is the most beautiful of the summer blooming plants. The varieties we handle are of the best, and have been thoroughly tested by us. We have them in red, pink, yellow and white. Order by color. 50c each. 10 or more at 40c each.

**CANNAS**—No flower garden is complete without at least a few cannas. We have them in red, pink and yellow. 35c each; 10 or more at 30c each.

**GLADIOLUS**—These make a splendid border plant. For best results they should have a sunny position, and sandy, loam soil. Pink, yellow, blue and white. 25c each; 10 or more at 20c each.

## LANDSCAPING

We will be glad to submit an estimate of what it will cost you to landscape your home grounds, provided you are not so far away that we cannot personally supervise the

work. It may be that your soil is not in condition to grow trees, shrubbery, etc. In that case we are prepared to supply new soil and give the premises a thorough fertilizing. In our plantings, we replace free any stock which fails to grow. Our estimate will cover new lawn, trees, shrubbery, etc. Our prices are reasonable. (Get folder on "Landscape Gardening". It is free and will help you in laying out your grounds).

## SOIL AND FERTILIZER

Where you desire to make your own lawn, do your own planting, etc., we are prepared to supply good acequia soil at \$3.50 for two yard load; \$3.00 per load in five load lots. Can supply good barnyard manure, \$3.50 for one yard, \$5.00 for two yard load. Spreading on lawn is extra.

## OUR GUARANTEE PLAN

Where we do your planting we replace the next season anything which fails to grow. There is no quibbling—anything which fails to survive is furnished you free the next season. However, you are expected to water and care for them, doing what you can to assist us in getting them to grow.

## APPLE TREES

We have to offer the largest two year size, and our price on them this season is as follows:

Size	Each	10	100
5 to 7 feet.....	\$ .90	\$8.00	\$60.00

(If planted on guarantee plan, add 50c per tree to above prices).

**JONATHAN**—One of the most widely planted apples. Color reddish.

**DELICIOUS**—Fine for eating and dessert. Has a slightly sweetish taste. Red.

**STAYMAN WINESAP**—Another excellent winter apple. Greenish yellow with red stripes.

**ROME BEAUTY**—A good sized apple. Mottled and striped in different shades of red.

**GRIMES GOLDEN**—The most popular yellow apple known. Fine flavor.

**ARKANSAS BLACK**—A good keeping apple. When fully colored they are so dark red they are almost black.

**BLACK BEN**—Quite an improvement over the old Ben Davis. Heavy bearer.

**YELLOW TRANSPARENT**—An early yellow apple for home or commercial purposes. Ripens late in June.

**LIVELAND RASPBERRY**—Ripens in July. Reddish striped. Fine flavor.

**FLORENCE CRAB**—One of the very best Crabs for jelly. Yellow, highly blushed with red.

## PEACH TREES

Size	Each	10	100
5 to 7 feet.....	80c	\$7.00	\$50.00

(If planted on guarantee plan, add 50c per tree to above prices).

**MAYFLOWER**—The earliest Peach to ripen in New Mexico. White, semifreestone. June.

**RED BIRD**—A large and handsome early cling Peach. Good shipper. July.

**ALTON**—One of the best of the white freestone family. Late July.

**ELBERTA**—Best yellow freestone. Most popular market Peach in New Mexico. August.

**J. H. HALE**—Because of its large size this yellow freestone Peach has gained a permanent place in New Mexico. August.

**HEATH CLING**—Large round white clingstone. Fine for pickles. September.

**SALWAY**—One of the best late Peaches. Late September. Yellow freestone.

## CHERRIES

Size	Each	10	100
5 to 7 feet.....	\$1.25	\$10.00	\$75.00

(If planted on guarantee plan, add 50c per tree to above prices).

**EARLY RICHMOND**—A bright red cherry ripening in June. Thrifty and productive.

**MONTMORENCY**—One of the most canning and pie Cherries. Fruit large, dark red and fine flavored. Middle July.

**ENGLISH MORELLO**—Ripens after Montmorency. Tree dwarfish and should be planted closer than other varieties.

**BLACK TARTARIAN**—The only sweet Cherry we handle. This variety is hardier than most sweet Cherries.

## PEARS

Size	Each	10	100
5 to 7 feet.....	\$1.25	\$10.00	\$75.00

(If planted on guarantee plan, add 50c per tree to above prices).

**KIEFFER**—Conceded by most fruit growers to be the best pear to plant. Very healthy. September.

**BARTLETT**—A long time favorite. August.

**ANJOU**—A large greenish winter Pear.

**SECKEL**—Small sugar Pear. September.

## PLUMS

Size	Each	10	100
5 to 7 feet.....	90c	\$8.00	\$60.00

(If planted on guarantee plan, add 50c per tree to above prices).

**WILD GOOSE**—A native red American Plum found in most home orchards. Early August.

**BLUE DAMSON**—A small dark European Plum familiar with most people. September.

**GERMAN PRUNE**—A large dark blue, almost black Plum. Freestone. September

**SUPERB APRICOT**—One of the surest bearers for New Mexico. (Same prices as plums)

**CHAMPION QUINCE**—The Quince is fine for making preserves and jellies. 3 to 4 ft. size, 85c each; 10 for \$7.50.

## SMALL FRUITS

**NORTH STAR CURRANT**—A fine red Currant. Good bearer. 2 year plants. 35c each; 10 for \$3.00.

**DOWNING GOOSEBERRY**—Well known American sort that has given splendid satisfaction. 2 yr. plants, 40c each; 10 for \$3.50.

**CUMBERLAND RASPBERRY**—One of the most profitable black cap Raspberries known. 20c each; 10 for \$1.50; 100 for \$12.50.

**ELDORADO BLACKBERRY**—One of the most popular Blackberries. 20c each; 10 for \$1.50; 100 for \$12.50.

## GRAPES

**CONCORD**—One of the most popular Grapes to plant. Makes fine jelly. No. 1 vines, 20c each; 10 for \$1.50; 100 for \$10.00; 1,000 for \$80.00.

**NIAGARA**—A large pale yellow, almost white, Grape. Good table grape and makes good jelly. 25c each; 10 for \$2.00; 100 for \$15.00.

**MOORE'S EARLY**—Like Concord, only ripening earlier. 30c each; 10 for \$2.50; 100 for \$15.00.

**AGAWAM**—A large dark red Grape, with thick skin and juicy meat. 30c each; 10 for \$2.50; 100 for \$15.00.

(For other Grapes not listed, write for prices).

# REMARKS

We do not believe in price-cutting in order to get business. Our policy has always been to produce stock of a higher quality, and the public will appreciate it to the extent of being willing to pay just a little more than for inferior stock. However, this season we find ourselves overstocked in many lines, and we are going to pass this advantage on to our customers by reducing the price on practically everything we have in our nursery.

## HIGH QUALITY STOCK

You cannot purchase better nursery stock than that which we are offering this year, for it has been carefully grown on the best soil in the Rio Grande Valley. If these Trees, Shrubs, etc., wont grow for you, then none other will. It is best that you should get your order in as soon as possible, for we are anticipating a large sale on this stock this season at these prices. Often we sell out first on that which we had the most of at the beginning of the season.

(Note: A one-fourth deposit will hold your order.)

## BEST TIME TO PLANT

We believe you can very successfully plant nursery stock in New Mexico from November first to May first, provided you keep the stock watered. However, if fruit trees are to be planted in the open fields, it is better to wait until you can water them from the irrigation ditches.

## HOW TO PLANT

After receiving your bundle of nursery stock, it is very necessary to keep roots thoroughly damp and to water immediately after planting. Pour a few buckets of water around each tree, or plant, as soon as set, then turn in water from ditch (or whatever water system you may have), as soon as each border of land has been planted. Never place fresh manure next to roots. Prune all nursery stock properly when planting, or they will suffer as a result. Shade trees should be well cut back and all fruit trees, with exception of cherry trees. Peach trees should be cut back severely. (Proper pruning may mean just the difference between a live tree and a dead one.)

## WHERE WE ARE LOCATED

Our large office and warehouse is located about one-half mile west of the new Barelás bridge, on the Laguna cutoff road. We are always glad to welcome visitors and strangers and shall endeavor to render every courtesy possible.

## OUR TERMS

It requires money to properly conduct any legitimate business, and the quicker we get our money after sale is made, the better pleased we are. If you live outside the city of Albuquerque, will say that it is absolutely contrary to our custom to ship any order until the full amount has been received by us. If you prefer, you can remit one-fourth with order and the balance C. O. D.
